

A vibrant concert scene with green and purple laser lights and silhouettes of an audience. The image captures a dynamic atmosphere with multiple beams of light crisscrossing the space. In the foreground, the dark silhouettes of a crowd are visible, looking towards the stage. The background is filled with a mix of green and purple hues, punctuated by bright white spots from the stage lights.

An announcement will be made through a regulatory information service by 5.00pm on the Business Day following the day of each allotment of Shares. Details of the entitlement to Additional Shares on early subscription are set out at paragraph 3 of Part 6.

RISK FACTORS

Each VCT's business, financial condition or results could be materially and adversely affected by any of the risks described below. In such cases, the market price of the Shares may decline due to any of these risks and Investors may lose all or part of their investment. Additional risks not presently known to the Directors, or that the Directors currently deem immaterial, may also have an adverse effect on the VCTs. The Directors consider the following to be all the risk factors that are material to the Shares in order for potential Investors to assess the market risk associated with the Shares, but these risks do not necessarily comprise all those associated with an investment in the VCTs and are not set out in any particular order of priority. Risk factors that are specific to the VCTs and their industry are set out below.

1. Risks Relating to the VCTs

- Qualifying Investments held by the VCTs will be in Investee Companies which will typically be newly formed companies, funded principally by the VCTs. The level of dividends declared by the VCTs and capital realisations will depend on the overall performance of the media content or events produced and promoted by these Investee Companies. However, this risk will be mitigated by each Investee Company having in place minimum royalty, performance warranties or other similar contractual arrangements which provide for the Investee Companies to receive minimum revenues equivalent to at least 75% of the VCTs' investment.
- The VCTs' ability to obtain maximum value from their investments (for example, through the sale of an Investee Company) may be limited by the requirements imposed by applicable legislation in order to maintain the tax status of the VCTs (such as the obligation on each of the VCTs to have at least 70% by value of their investments in Qualifying Investments).
- Changes in legislation or government policy including legislation concerning venture capital trusts, and Qualifying Investments and qualifying trades in particular, may restrict or adversely affect the ability of the VCTs to meet their objectives and/or reduce the level of returns that would otherwise have been achievable. In particular, on 6 July 2011 HM Treasury issued a consultation paper, which is likely to result in changes to legislation in the Finance Bill 2012. These changes could restrict the types of businesses that would represent qualifying investments, and may affect investments made by the VCTs after 5 April 2012.
- The VCTs' investments will be in companies whose shares are not publicly traded or for which there is no liquid market and may, therefore, be difficult to realise.
- In order to comply with venture capital trust legislation, the Qualifying Investments in which the VCTs will invest must have gross assets of not more than £7 million prior to investment by the VCTs. Such companies generally have a higher risk profile than larger "blue chip" companies. In particular, such companies may not grow rapidly and achieve exit and/or may not be able to achieve required growth plans given their potentially early stage of development.
- An investment in the Shares is tied to the fortunes of the market for media and entertainment generally (subject to the risk mitigation strategies referred to in Part 1). There is no guarantee that the VCTs' objectives will be met or that suitable investment opportunities will be identified or completed. In particular, there could be a continued downturn in the UK or global economy thereby reducing investment opportunities for the VCTs.
- There is a risk arising from issues of production, promotion and management of media events which may cause the full or partial cancellation of the event or non-performance of an artist. The effect of this risk materialising is that revenues of a particular event may not match the expenditure by the VCTs, thereby creating a loss, or that this may reduce the level of returns that would otherwise have been achievable. However, the Investee Companies will be expected, where appropriate, to protect against liability from this risk by appropriate contractual terms and indemnities against any loss or damage and by putting in place comprehensive production and liability insurance to include cover for the VCTs.

INGENIOUS ENTERTAINMENT VCT 1&2

- The Manager is dependent on the services of certain key individuals for the implementation of the VCTs' investment policy. The departure from the Manager of such key individuals could have a material adverse effect on the VCTs' business. Whilst the Manager and/or Ingenious Media have entered into contractual arrangements with such individuals, the retention of their services cannot be guaranteed.
- The VCTs are seeking to raise up to £25,000,000, in aggregate, under the Offer, including the over-allotment facility available. To the extent that a lower amount of funds is raised, the VCTs may not be able to diversify their portfolios as much as they might if the full amount was raised and, subject to the cap referred to in paragraph 5 of Part 5, the annual running costs of the VCTs will be proportionately higher resulting in a lower proportion of an Applicant's subscription being available for investment by the VCTs.
- The insolvency or administration (or any analogous procedure) of the parties from whom the Investee Companies may obtain a contractual entitlement to minimum revenue as referred to above, may adversely affect the returns and/or the timing of returns to Shareholders. The breach of contract or lack of financial covenant of such persons may also adversely affect the returns and/or timing of returns to Shareholders. Where appropriate, the Investee Companies will take security to support the contractual commitments of their counterparties.
- The past performance of investments made by funds managed by Ingenious Ventures should not be regarded as an indication of the future performance of investments to be made by the VCTs.
- The Net Proceeds will be invested in cash, cash equivalent instruments or fixed income securities with a credit rating of at least AAAm (S&P) or Aaa/MR1+ (Moody's) until they are required for Qualifying Investment purposes. Both S&P and Moody's are independent rating agencies, not registered in the EU. Under current venture capital trust legislation, each of the VCTs has the flexibility to retain up to 30% of its assets in non-qualifying investments. The value of these investments can go down as well as up and the VCTs may not get back the full money they invest. Prospective Applicants should also note that the valuation of securities may be affected by adverse movements in interest rates.

2. Risks Relating to Taxation

- Although it is intended that the VCTs will be managed so as to qualify as venture capital trusts, and retain such status, there is no guarantee that such status will be achieved or maintained. However, if the VCTs fail to meet the qualifying requirements for venture capital trusts, this could result in: (i) Qualifying Investors being required to repay the 30% income tax relief received on subscription for the Shares; (ii) the loss of income tax relief on dividends paid (or subsequently payable) to Qualifying Investors; (iii) the loss of tax relief previously obtained in relation to corporation tax on capital gains made by the VCTs; (iv) a liability to tax on capital gains on any disposal of Shares by Qualifying Investors; and (v) the loss of the VCTs' listing on the Official List and the facility for the Shares to be traded on the London Stock Exchange. Further details of the taxation implications of an investment in the VCTs are set out in Part 7.
- The levels and basis of reliefs from taxation may change and such changes could be retrospective. The tax reliefs referred to in the Prospectus are those currently available and their availability and/or value may depend on the individual circumstances of Applicants.
- A qualifying disposal of an investment in a venture capital trust is free from tax on capital gains. Consequently, any realised losses on the disposal of Shares cannot be used to create an allowable loss for capital gains tax purposes.
- Qualifying Investors should be aware that the sale of Shares within five years of their subscription will require repayment of the 30% income tax relief available upon investment to the extent of the amount received from such sale. Accordingly, investment in the VCTs should be viewed as a longer term investment.
- The initial income tax relief will be withdrawn if a Qualifying Investor, or any person associated with him or her, takes out a loan which would not have been made, or would not have been made on the same terms, save for the acquisition of Shares.

INGENIOUS ENTERTAINMENT VCT 1&2

- Changes in legislation in respect of VCTs and qualifying investments may restrict or adversely affect the ability of the VCTs to meet their objectives. In particular, on 6 July 2011 HM Treasury issued a consultation paper, which is likely to result in changes to legislation in the Finance Bill 2012. These changes could restrict the types of businesses that would represent qualifying investments, and may affect investments made by the VCTs after 5 April 2012. The full impact of these changes is not presently known.

3. Risks Relating to the Shares

- Prior to the Offer, there has been no public trading market for the Shares. The Offer Price may not be indicative of the market price for the Shares following Admission. Following Admission, the trading price of the Shares may be subject to wide fluctuations in response to many factors, including those referred to in this section, as well as stock market fluctuations and general economic conditions that may adversely affect the market price of the Shares, regardless of the VCTs' actual performance or conditions in its key markets.
- Prospective Investors should be aware that the value of the Shares depends on the performance of the underlying assets of the VCTs and, therefore, the income from the Shares may go down as well as up and an Investor may only get back a lower amount than originally invested (even after taking into account available tax reliefs). In addition, there is no guarantee that the market price of the Shares will fully reflect their underlying net asset value or the ability to buy and sell at that price as VCTs usually trade at a discount to net asset value. There is likely to be a substantial difference between the bid price and the Offer Price of the Shares.
- Although the Shares will be admitted to the Official List and to trading on the London Stock Exchange, there is unlikely to be a liquid market in the Shares at least for the first five years from investment, primarily because the initial income tax relief is only available to those subscribing for newly issued shares, and also because there may not be two competitive market makers. It may, therefore, prove difficult for Shareholders to sell their Shares.

FORWARD-LOOKING STATEMENTS

Prospective Investors should not place undue reliance on forward-looking statements. This document includes statements that are (or may be deemed to be) "forward-looking statements", which can be identified by the use of forward-looking terminology including the terms "believes", "continues", "expects", "intends", "may", "will", "would", "should" "targets" or, in each case, their negative or other variations or comparable terminology. Forward-looking statements contained in this Prospectus, based on past trends or activities, should not be taken as a representation that such trends or activities will continue in the future. DIRECTORS' LETTER

Ingenious Entertainment VCT 1 plc and
Ingenious Entertainment VCT 2 plc
15 Golden Square
London, W1F 9JG

21 November 2011

Dear Investor,

I am delighted to introduce the opportunity to invest in Ingenious Entertainment VCT 1 plc and Ingenious Entertainment VCT 2 plc's 'G' Share Offer.

In November 2007, the VCTs successfully raised £20 million, in aggregate, through an offer for subscription of ordinary shares. A successful 'C' Share Offer by both VCTs in September 2008, raised circa £5 million, in aggregate, a 'D' Share Offer by both VCTs in November 2009, raised circa £13 million, in aggregate and an 'E' Share Offer and 'F' Share Offer by both VCTs in October 2010 raised circa £8.5 million, in aggregate. The Directors and the VCTs' investment manager, Ingenious Ventures, a trading division of Ingenious Asset Management Limited (the **Manager**), now wish to increase the funds available to the VCTs to enable the VCTs to make more investments and allow them to spread their fixed costs over a larger asset base, resulting in economies of scale that will ultimately increase the VCTs' profitability to the benefit of all Shareholders. The Directors and the Manager believe that the best way to achieve this goal is by way of an offer (the **Offer**) of a new class of 'G' ordinary shares of 1p each (**'G' Shares**) available for investment in both of the tax years 2011/2012 and 2012/2013.

The money raised from the Offer will form a separate pool of capital that will invest alongside new investments made out of funds raised from the VCTs' original Ordinary Share offer launched in November 2007, the 'C' Share offer launched in September 2008, the 'D' Share offer launched in November 2009 and the 'E' Share Offer and 'F' Share Offer launched in October 2010.

With regards to the 'G' Share Offer, the Manager will deploy at least 70% of the funds in qualifying assets (unquoted companies) and the remaining funds will be invested in non-qualifying assets.

The Offer presents an attractive opportunity with downside protection to invest in a fund managed by one of the UK's leading media investment specialists and to participate in a portfolio of companies that will engage in the production and exploitation of media and entertainment content. I believe that the Offer will offer Investors the following advantages:

1. Opportunity to Invest in a Fast Growing Industry

The VCTs offer Investors an opportunity to participate in a thriving area of the UK economy. We believe that lifestyle changes, de-regulation and technological advances in the digital arena have created investment opportunities for knowledgeable investors.

2. Pre-sales Downside Protection

The Manager's investment strategy will require each Investee Company to put into place pre-sales or similar minimum revenue arrangements covering at least 75% of the VCTs' investment.

3. Tax Benefits

VCTs provide Investors with a combination of tax advantages. The most significant benefit is that Qualifying Investors will receive 30% upfront income tax relief on their investment (on a maximum investment of £200,000 per tax year), provided that the Shares are held for at least five years. In addition, dividends and gains on disposal of the Shares are exempt from tax under current legislation.

4. Experienced Management

The Manager, Ingenious Ventures, is one of the UK's leading media investment specialists and has proven experience of successfully structuring, promoting and managing investment opportunities across the media and entertainment industries. The Manager enjoys deep industry relationships and contacts as well as access to excellent deal flow through the five complementary divisions of Ingenious Media – Asset Management, Consulting, Corporate Finance, Investments and Ventures.

5. Five Year Liquidity Plan

It is the intention of the VCTs that the net proceeds of realisations will be distributed to the Shareholders after five years.

6. Investment from Ingenious Media Limited and the Manager's Team

Ingenious Media Limited made a £1 million foundation investment in the Ordinary Share offer. In addition, the Directors and the Manager's team and persons associated with them have invested £471,625 in the Ordinary Share Offer, £200,000 in the 'C' Share Offer, £200,000 in the 'D' Share Offer and a further £77,537, in the 'E' Share Offer and £77,537 in the 'F' Share Offer, representing a total investment of £2,026,699.

I am delighted to announce that I have committed to invest a total of £200,000 in the 'G' Share Offer.

Returns to 'G' Shareholders

The Manager is targeting returns to 'G' Shareholders of 121p over the life of the VCTs. Set out below is a table illustrating the hypothetical returns to Investors per £1 investment on a per share basis.

Illustrative Investor Return for every £1 invested	Target Return for 'G' Shareholders
Total shareholder proceeds	1.21
Less: Net cost of investment (assuming 30% tax benefit)	(0.70)
Tax free cash profit	0.51
Tax free profit (as a % of net investment)	72.6%
Average annual return to Shareholders	9.5%
Gross equivalent return (assuming a 50% taxpayer)	19.1%

Assumptions for Target Returns

The Target Returns are internal desired rates of return based on an investment of 100p deemed to be made on 5 April 2012 assuming 30p income tax relief received the next day and 121p received on 5 April 2018 for 'G' Shares (**Target Returns**). This illustration has been simplified to ease understanding by showing the returns in the

INGENIOUS ENTERTAINMENT VCT 1&2

form of one payment over the life of the investment, whereas in practice shareholder proceeds are likely to comprise a number of smaller payments over the same overall time period. In addition, again for simplicity, the illustration assumes an immediate return of the 30p income tax relief whereas in practice the return of such income tax relief will depend upon a number of factors, including the date of submission of an individual's tax return. The illustration also assumes that no Additional Shares have been issued in relation to the Offer.

The above returns are set out for illustrative purposes only and no forecast or projection is implied or should be inferred.

I look forward to welcoming you as a Shareholder.

Yours sincerely,

A handwritten signature in black ink that reads "Patrick McKenna". The signature is written in a cursive style with a large initial 'P' and a long, sweeping underline.

PART 1: INVESTMENT POLICY

1. Overview

The VCTs' investment policy is to focus on investing in companies established to create and bring to market live events and premium entertainment content. These investments should be Qualifying Investments for the purposes of the VCT legislation. Each share class of each of the VCTs represents a separate pool of capital and each such pool has its own separate performance record and dividend history.

For the Ordinary Shares, 'C' Shares, 'D' Shares and the 'E' Shares the Manager intends to balance the risk profile by investing no more than 30% of the respective funds raised under the respective offers in a blend of low risk money market funds (OEICS) (which are non-qualifying for the purposes of VCT legislation) and at least 70% of funds raised in VCT qualifying media content investments.

For the 'G' Shares, the Manager intends to balance the risk profile of the fund by investing at least 70% of the funds raised in VCT qualifying media content investments with the remaining funds to be invested into a blend of low risk money market funds and other investments including, but not limited to, cash deposits, money market funds, fixed interest securities, secured loans, corporate bonds and corporate bond funds (which are non-qualifying for the purposes of VCT legislation).

The investment policy for VCT qualifying media content investments is the same for all share classes, and is based upon a rigorous selection process, together with a funding structure and minimum revenue contractual arrangements specifically designed to offer Investors downside protection whilst preserving the considerable upside potential of the live events and entertainment content within the portfolio.

2. Asset Allocation

The Manager will focus on investing in companies producing live events or creating branded entertainment content with a view to achieving a broad allocation of the VCTs' assets across the entertainment sector. Investments could include the production and promotion of a theatrical show or the launch of a music festival, the development and exploitation of new formats or the creation of online or mobile games. The Manager's objective will be to identify projects in which the VCTs can participate in the revenues and in the capital value of the content once the market is established.

Ordinary Shares, 'C' Shares, 'D' Shares and, 'E' Shares

The Directors believe that pending deployment into Qualifying Investments funds should be deployed in a low risk, liquid investment, which also provides moderate returns to VCT Shareholders. The Manager intends to invest such capital raised in the Ordinary Share Offer, the 'C' Share Offer, the 'D' Share Offer and the 'E' Share Offer and not deployed in Qualifying Investments in a number of low risk money market funds (OEICs) with a rating of at least AAAM (S&P) or Aaa/MR1+ (Moody's) or, where the fund is not rated by these agencies, the average credit quality of portfolio is not less than AA+ (S&P).

'F' Shares

The Manager intends to invest such capital raised in the 'F' Share Offer as follows; at least 70% will be invested in Qualifying Investments throughout the life of the VCTs and no more than 30% of the funds raised will be retained in a balanced multi-asset management portfolio throughout the life of the VCT.

INGENIOUS ENTERTAINMENT VCT 1&2

'G' Shares

Of the funds raised from the Offer, at least 70% will be invested in Qualifying Investments (companies in the media and entertainment sector) and the remaining funds will be retained in a blend of low risk money market funds (OEICs) and other investments including, but not limited to, cash deposits, money market funds, fixed interest securities, secured loans, corporate bonds and corporate bond funds throughout the life of the VCT, creating a lower risk profile for the 'G' Shares.

3. Diversification

The Manager will seek to diversify the risk of Qualifying Investments through investment in media content and live events chosen from a broad spectrum of opportunities in the media and entertainment sector. However, the principal focus will be on the quality of the proposition, the experience of the production partner and the returns that can be generated. There is, therefore, no limitation on investments in any specific segment of the entertainment sector. There will, however, be restrictions on the size of investments (both Qualifying Investments and other investments) made by the VCTs as set out in paragraph 7 below (VCT Status and Maximum Exposures).

4. Risk Mitigation

The following risk mitigation strategies will be utilised by the Investee Companies, and in common with industry practice:

- each Investee Company will be required to put in place pre-sales or similar minimum revenue arrangements providing for the Investee Company to receive at least 75% of the VCTs' investment (Base Revenues);
- each Investee Company will engage the services of an experienced producer or promoter with a proven track record in bringing media projects to market and delivering the returns targeted by the VCTs; and
- each Investee Company will be required, where appropriate, to obtain relevant insurance policies in order to protect against normal industry risks.

After completion of its first project, each Investee Company may seek to undertake further projects (with at least the same level of downside protection) from its existing cash-flows. However, Investee Companies will not be permitted to undertake further projects which could reduce the Base Revenues generated from its first project. Each Investee Company will be expected to realise the capital value of its rights and goodwill after five years.

This investment policy should ensure a high degree of downside protection whilst preserving the considerable upside potential of the premium media content within the portfolio.

5. Funding Structure, Gearing and Contractual Arrangements

Each Investee Company will initially be formed for the purpose of engaging in the production and exploitation of premium media content or a live event.

In respect of the funds raised by the Company prior to 06 April 2011 under the Ordinary Share Offer, the 'C' Share Offer, the 'D' Share Offer, the 'E' Share Offer and the 'F' Share Offer the VCTs' policy has been to invest in Qualifying Companies by subscribing for a minimum of 30% of its investment in share capital and the remaining amount through loan stock instruments. However, changes introduced by the Finance Act (No. 3) 2010 mean that for funds raised on or after 6 April 2011 the VCTs will instead invest a minimum of 70% of its investment in share capital and the remaining amount through loan stock instruments.

The VCTs will have a non-controlling interest in each Investee Company and other shareholders may include, amongst others, promoters, record labels, game developers and charities. It is expected that the initial capital provided by the VCTs will be sufficient to cover the Investee Company's budgeted costs of creating and bringing to market the initial project.

The VCTs can invest, under current VCT legislation, up to £1 million each (and, therefore, £2 million in aggregate) per tax year in any one Investee Company and will always co-invest on equal terms pro rata to the capital in each VCT. This should have the advantage of enabling the VCTs to co-invest in larger projects than if one VCT was investing by itself. The VCTs will not borrow money in relation to their activities.

6. Liquidity

As was the case with each of the Ordinary Share Offer, the 'C' Share Offer, the 'D' Share Offer, the 'E' Share Offer and the 'F' Share Offer, each VCT intends to create an 'G' Share reserve which will enable it to make share buy-backs in the market, subject to liquidity and regulatory restraints. The VCTs will operate a discount policy for repurchasing Shares, which will be determined by the Board at its discretion from time to time.

The VCTs intend to return funds to 'G' Shareholders after five years if they so desire. In any event, the Articles of Association of each of the VCTs currently contain a provision requiring the Directors to propose an ordinary resolution at the tenth annual general meeting of the VCTs to continue the life of the VCTs. If any such resolution is not passed, the Directors will draw up proposals for the re-organisation, reconstruction or voluntary winding up of the VCTs for consideration of members at a general meeting on a date not more than nine months after such general meeting. Implementation of such proposals will require the approval of Shareholders by special resolution.

7. VCT Status and Maximum Exposures

In order to obtain venture capital trust status, the VCTs must be approved by HM Revenue & Customs. The conditions which must be satisfied to obtain and retain such status are set out in full in paragraph 1 of Part 6 and they include the following restrictions on the maximum exposure of each VCT:

- (i) no holding in a company will represent more than 15% by value of the VCT's total investments; and
- (ii) each VCT is limited to investing up to £1 million per Investee Company in any one tax year or in any six month period straddling two tax years.

The limits stated in the policy above in relation to the percentage amount of the funds invested in Qualifying Investments and non-qualifying investments will need to be met within the three year VCT investment period in accordance with the VCT qualifying rules.

The Boards do not intend to vary the VCTs' investment policy. However, should a material change in the investment policy (including the conditions above) be deemed appropriate this will be done with Shareholders' approval and in accordance with the Listing Rules.

PART 2: THE MANAGER AND INVESTMENT TEAM

The Manager of the VCTs is Ingenious Ventures. Through its extensive experience and contacts in the media and entertainment industry, the Manager is well placed to identify investment opportunities for the VCTs.

Ingenious Ventures is the trading name of the venture capital arm of Ingenious Asset Management Limited, a wholly owned subsidiary within the Ingenious Group, a specialist media investment and advisory business with five principal operating subsidiaries. The Ingenious Group has an extensive footprint across the UK media sector from both its investment and advisory activities, having raised in excess of £5 billion of funds for investments in film, TV, games, music, live events and other media and entertainment assets. It also operates a number of specialist funds across the media sector.

Examples of the Manager's experience include the following:

Ingenious Media Active Capital

Ingenious Ventures is the manager of Ingenious Media Active Capital Limited (**IMAC**), a private equity fund whose shares were admitted to trading on AIM in April 2006, raising approximately £150 million (before expenses) from institutional and individual investors. IMAC's strategy was to make investments in the media sector focussing on unquoted "mid-stage" companies with high growth potential. Since its launch IMAC has made sixteen investments aggregating commitments of over £94.7 million in a broad range of entertainment and media companies. IMAC also holds investments in Propeller Realisations Limited (formerly known as Stage Three Music Limited) and Cream Holdings Limited through investment in Ingenious Ventures LP. Following the recommendation of the manager, IMAC agreed to distribute £50 million to its shareholders in May 2010 and continues to actively manage its portfolio of investments seeking exits for the portfolio at the appropriate time.

Ingenious Music VCTs

Ingenious Ventures is the manager of the Ingenious Music VCTs, which raised over £40 million of funds (before expenses) which are now in the process of returning funds to investors as part of a solvent winding-up. The Ingenious Music VCTs invested principally in the creation and exploitation of recorded music and related rights in the music industry. The Ingenious Music VCTs represent one of few significant independent sources of artist and repertoire investment in the UK. Further, Ingenious Music VCT plc and Ingenious Music VCT 2 plc have now completed the successful return of capital to shareholders after a three year period through the orderly winding-up of the companies' investments which has enabled shareholders to realise value in a tax efficient and cost-effective manner.

Ingenious Live VCTs

Ingenious Ventures is the manager of the Ingenious Live VCTs which, as at the date of this Prospectus, have approximately £18.5 million of funds under management (in aggregate). The Ingenious Live VCTs have fully invested principally in the revenues and growth potential of live events held primarily in the UK which may include concerts, festivals, exhibitions, theatrical shows, conferences, trade fairs and sporting events.

Ingenious Ventures LP

Ingenious Ventures also manages Ingenious Ventures LP, a media investment fund. The fund was established in August 2001 with £25 million under management and has since invested £22.5 million in five companies across the music, television, live events and video games sectors. Ingenious Ventures LP made one of its first investments in 19 Entertainment Limited, the company that created the worldwide hit formats *Pop Idol* and *American Idol*, which was subsequently sold at a significant multiple. They also invested in Cream Holdings Limited, the promoter of the *Creamfields* summer festival which attracts in excess of 40,000 people each year in the UK. They also recently sold their interest in Propeller Realisations (formerly known as Stage Three Music) to BMG Rights Management for a profit.

The Manager's investment team for the VCTs is comprised of Patrick McKenna, Duncan Reid (both of whom are also directors of Ingenious Media and Patrick McKenna is a director of the Ingenious Entertainment VCTs), Paul Bedford and Patrick Bradley. The team combines venture capital investment disciplines with in-depth investment, financing, consulting and operational management experience gained across the media and entertainment sector.

PART 4: THE MARKET FOR LIVE EVENTS AND ENTERTAINMENT CONTENT

1. Trends and growth in the market for live events and entertainment content

With the UK and global economy still fragile, finding growth sectors is becoming increasingly hard. However, the global media and entertainment industry has been resilient to the shocks of the last four years. In 2010, the industry saw a spending rise of 4.6%¹. 2011 has already seen the highest grossing global tour of all time with U2's '360' tour grossing over \$736 million². The UK media and entertainment industry is no exception with consumer/end-user spending predicted to rise at a 2.8% compound annual rate between now and 2014³. Ingenious Ventures believes that there are a number of key and complementary trends creating attractive and timely investment opportunities in live events and entertainment content.

- Consumers in the UK have changed their media consumption habits. As the graph below illustrates, the past few years have seen a shift away from spending on recorded music in favour of live music, a trend that looks set to continue. This has been mirrored by an increase in the value of live events⁴.

Source: PRS: Is Live the Future of Music? Report.

- Although the UK live events market as a whole fell during 2010 (primarily due to the lack of any large nationwide tours), the festival market continued to perform strongly. Primary ticket revenues increased by nearly 20% in 2010; a combined result of increasing capacity at existing festivals and a 16% rise in the number of festivals taking place⁵.
- Technological advances, such as on-demand streaming of live events, and regulatory changes have created enhanced opportunities for live events and associated entertainment content. Four million households in the UK have access to VOD services already⁶. This allows content to be exploited across a number of different platforms and, therefore, creates scalable revenue opportunities for the owners of these rights.
- Many of these technological advances are being fuelled by the increasing use of the internet. With UK broadband household penetration growing from 31.4% in 2005 to a predicted 80.5% in 2011⁷, niche content is more and more being channelled to interested consumer segments, giving rise to the phenomena of the 'long tail'.

INGENIOUS ENTERTAINMENT VCT 1&2

- The advertising industry is increasingly turning away from traditional avenues of spending and, in attempting to recover from fragmented TV audiences, have turned towards the music industry. In 2009 advertising and sponsorship in the UK music industry rose 4.2% to £94 million⁸, with live music sponsorship rising 6.8% in 2010⁹ backed by the festival industry's focus on the lucrative 16-34 age group audience.
- Festivals are growing in popularity across a number of international markets, allowing successful brands developed within the UK to expand further on the international stage.

2. The Market for Compelling Content

The proliferation in distribution channels and media platforms is giving rise to opportunities for companies that have the capability to create and access premium entertainment content. Successful content can originate in any entertainment sub-sector and be presented to audiences in a number of other platforms making it highly scalable.

For example, Fremantle Media and SycoTV created and introduced the *X Factor* TV show in the UK, and then sold the programme format to more than 30 countries worldwide, recreating it in the US. TV sales represent just one element of the revenues generated from the exploitation of the *X Factor* concept: revenues are also generated from music, sponsorship, merchandise, telephony, video games and tours. There has been a significant increase in the number of recent successful exports of UK television programme formats: in addition to *X Factor*, notable examples include *Who Wants to Be a Millionaire?*, *Strictly Come Dancing* and *Top Gear*. Television properties have also been spun-off into live events – in particular, the proliferation of specialist television channels has led to a new generation of branded lifestyle exhibitions (such as *Grand Designs Live* at the NEC).

Resident Evil was originated by Capcom as a console game. It then generated a successful franchise with a further 17 games for next generation consoles and was subsequently spun-off as a series of hit films grossing over \$650 million at the box office. In addition, films are now being launched alongside console games (*King Kong*) to maximize audience engagement with the concept and thereby enhance revenues in both platforms. Successful “slow burning” films are also being spun-off to console games or mobile phone games (*Shaun of the Dead*).

Live content in the UK has grown in popularity with consumers and is attractive to brands and advertisers. The Directors believe that the following factors are likely to enhance performance and growth of the UK live events sector in the future:

- The build-up to the 2012 Olympic Games and the Diamond Jubilee is likely to facilitate the expansion of the UK events market by stimulating growth of new venues and improvements to existing ones as well as focusing world attention on the UK and attracting tourism.
- Advertisers targeting specific consumer groups are finding that live events can be an effective way of connecting with the highly coveted 16-34 age range.
- The penetration of the internet has enhanced the ability of event organisers to promote a live event to a wider potential market.

The Manager believes that the more valuable opportunities in live events lie where branded content is created which generate capital growth in addition to revenues, such as a music festival which can be sold (e.g. *Creamfields, Bestival*)¹⁰.

The UK has the largest creative sector in Europe, one of the world's largest music industries and one of the most advanced digital TV and radio markets¹¹. Government figures suggest that in the period 1997 to 2007 the Creative Industries were growing at 5% per annum¹² compared to an average of 2.9% for the whole economy over the same

period¹³. Exports of services by the Creative Industries totalled £16.6 billion in 2007. The Manager believes that content creators can increasingly access global territories through licensing and distribution mechanisms without substantial investment in infrastructure¹⁴.

3. Investment Opportunity

The Ingenious Entertainment VCTs offer an exciting opportunity, with significant downside protection, to invest alongside one of the UK's leading media investment specialists in a portfolio of companies that will engage in the production and exploitation of live events and premium entertainment content.

Investors in the VCTs will benefit from the following competitive advantages enjoyed by the Manager:

- deep industry relationships and contacts;
- a thorough understanding of the economics and commercial structures of a wide range of sectors within the live events and entertainment industries, including film, television and theatre; and
- advanced technical skills in structuring transactions to take advantage of valuable new rights opportunities brought about by technological and regulatory change.

The Manager will use its experience, industry relationships and financial acumen to identify, and secure rights to, the most attractive entertainment and media content. The VCTs will focus on high quality content, which would be difficult to secure without the Manager's skill and well-developed network. The Manager's proven experience across the media and entertainment sectors should also enable the VCTs to implement such investments on advantageous commercial terms, with the objective of securing a participation in both revenues and the potential growth in brand value of a project.

¹⁴ See responsibility statement at paragraph 5(q) of Part 10 of this document.

PART 5: OPERATIONAL MANAGEMENT, FEES AND COSTS

1. Operational Management

Each Board has delegated investment decisions to the Manager but retains overall responsibility for the VCTs' affairs (including the determination of their investment policy and compliance with the Listing Rules and the Act).

Each VCT entered into management agreements with Ingenious Ventures Limited on 19 November 2007, which were novated to the Manager on 28 February 2008 (the **Management Agreements**), (as subsequently amended by deeds of variation dated 19 September 2008, 11 November 2009, 7 October 2010 and 21 November 2011) (the **Deeds of Variation**). Under the terms of the Management Agreements the Manager is responsible for managing the VCTs and their portfolio of assets on a discretionary basis (including the sourcing, selection and implementation of investments) but subject always to: (i) the overall supervision of the Directors and (ii) the VCTs' investment policy.

2. Fees payable to Ingenious Investments

Ingenious Investments has been appointed by the VCTs as promoter of the Offer. Ingenious Investments will be paid an arrangement fee by each VCT equal to 5.5% of the gross proceeds of the Offer received by each VCT. This arrangement fee will be chargeable 20% against revenue and 80% against the capital reserves of each VCT.

3. Fees payable to Ingenious Ventures

Pursuant to the Management Agreements, the Manager will be paid the following by each VCT:

- annual portfolio management fees equal to 1.75% of its Net Asset Value (plus VAT if applicable) plus any irrecoverable input tax associated with the performance of the management services. These fees will be payable quarterly in advance;
- performance-related incentive fees equal to 20% of cumulative distributions in excess of £1.05 per 'G' Share, 20% of cumulative distributions in excess of £1.05 per 'F' Share, 20% of cumulative distributions in excess of £1.05 per 'E' Share, 20% of cumulative distributions in excess of £1.05 per 'D' Share, 20% of cumulative distributions in excess of £1.05 per 'C' Share and 20% of cumulative distributions in excess of £1.05 per Ordinary Share (plus VAT, if applicable,) plus any associated irrecoverable input tax; and
- an annual index linked administration fee of £87,500 (plus VAT, if applicable,) plus any irrecoverable input tax payable in relation to the provision of such services to each VCT and all of its share class funds.

As indicated above, the Manager will receive performance-related incentive fees from each of the VCTs. These incentive fees are designed to encourage strong performance both in terms of capital and income growth and, through this, the payment of dividends to Shareholders (which will be tax-free for Qualifying Investors).

4. Launch Costs and Commissions

Ingenious Investments will be responsible for paying all the costs of the Offer including listing expenses and the preferred rate of commissions payable to authorised financial intermediaries on successful Applications (being 3% of amounts subscribed by relevant Investors or 2.5% plus trail commission of 0.25% per annum for five years).

Authorised financial intermediaries may agree to waive all or part of their initial commission. In such circumstances, an Applicant's Application will (subject to there being sufficient Shares available under the Offer) attract an additional allotment of Shares at no greater cost to the VCTs or the Applicant (the **Waiver Shares**). The initial commission waived will be used to satisfy the purchase price of the Waiver Shares, which will be issued at the Offer Price. Entitlements to Waiver Shares will be rounded down to the nearest whole number.

Assuming that the Offer is fully subscribed (before use of the over-allotment facility) and that no Additional Shares are issued, the maximum aggregate Net Proceeds will be approximately £14.17 million (£7.085 million per VCT) and the maximum total expenses of the Offer will be approximately £0.82 million (£0.41 million per VCT). As the costs of the Offer are fixed at 5.5% of the gross proceeds of the Offer, the maximum Net Proceeds for both VCTs (assuming that no Additional Shares are issued) will be £23.6 million if the over-allotment facility are fully utilised and £14.17 million if the over-allotment facility are not utilised.

5. Annual Running Costs

The annual running costs will include the portfolio management and administration fees payable to Ingenious Ventures (see paragraph 3 above), accounting and administration fees, Directors' fees, professional advisers' fees (such as for audit, taxation and legal advice), directors' and officers' insurance premiums, fees of the sponsors and registrars and receiving agents as well as the costs of communicating with Shareholders. Such annual running costs will exclude the Manager's performance-related incentive fee outlined in paragraph 3 above.

These annual running costs of each VCT are capped at 3.5% of the Net Asset Value (excluding irrecoverable VAT) with any excess being met by the Manager.

6. Reporting and Investment Valuations

Each VCT's annual report and accounts will be made up to 31 December of each year and will be sent to Shareholders. The first annual reports and accounts expected to be sent to 'G' Shareholders will be in respect of the period to 31 December 2012. Shareholders will also receive unaudited half-year reports.

Quoted investments will be stated at closing bid prices and discounted, where necessary, to reflect any lack of liquidity. In valuing unquoted investments, the VCTs will adopt procedures which ensure compliance with the International Private Equity and Venture Capital Valuation Guidelines published by the BVCA. Such investments will be carried at fair value in accordance with relevant accounting standards.

The VCTs' portfolios will normally be valued on a quarterly basis.

7. Dividend Policy

The VCTs will seek to maximise distributions to Shareholders where possible in order to enable Shareholders to benefit from tax-free dividends. It is the VCTs' policy to distribute available cash from revenue received from its investments to Shareholders, subject to the availability of distributable reserves.

In any event, in order to qualify as a venture capital trust, each VCT cannot retain, in respect of any accounting period, more than 15% of the income it receives from shares and securities.

Both VCTs have declared dividends of 5p per share to its Ordinary Shareholders on 18 January 2011 and 23 March 2011, its 'C' Shareholders on 18 January 2011 and 13 May 2011 and dividends to its 'D' Shareholders on 19 May 2011.

8. Liquidity and Share Buy-Backs

The Directors consider that the VCTs should have the ability to buy-back their 'G' Shares in the market in order to create additional liquidity for 'G' Shareholders. The Act provides that public companies may only do so out of distributable profits or out of the proceeds of a fresh issue of shares made for the purposes of such purchase.

Accordingly, subject to court approval, each VCT intends to cancel its share premium account created on the issue of the 'G' Shares under the Offer and to establish a new special reserve which may be used to finance Share buy-backs.

INGENIOUS ENTERTAINMENT VCT 1&2

Having established the special reserve, the VCTs will operate a discount policy for repurchasing 'G' Shares which will be determined by the Boards from time to time at its discretion.

Although the Directors believe that Shareholders who may wish to sell their 'G' Shares to the VCTs in the future should be able to do so, prospective Applicants should be aware that this may not always be possible or appropriate. Any Shares bought back by the Companies will be cancelled.

The net proceeds of realisations will be distributed to the Shareholders after five years.

9. Taxation and HM Revenue & Customs Approval

The Directors intend to conduct the affairs of the VCTs so that they satisfy the conditions for approval as venture capital trusts and so that such approval will be maintained. HM Revenue & Customs has granted each of the VCTs provisional approval as a venture capital trust and has confirmed that, following the Offer, the VCTs will retain such provisional approval. The VCTs intend to comply with section 274 ITA and have retained PricewaterhouseCoopers LLP to advise on taxation matters on an ongoing basis (including in relation to each VCT's status as a venture capital trust).

10. Conflicts and Co-investment

Ingenious Ventures and other members of the Ingenious Group act and will continue to act as the investment manager and/or investment adviser to various other new and existing clients. In particular, Ingenious Ventures currently acts as the investment manager of the Ingenious Live VCTs, Ingenious Entertainment VCTs, Ingenious Ventures LP and IMAC and may act as the investment manager of new venture capital trusts and/or funds in the future. Investment opportunities may therefore arise that are suitable for the VCTs and one or more of those other clients (both current and future). The Manager will ensure that any suitable investment opportunities are allocated fairly between the VCTs and such other clients of the Ingenious Group (including Ingenious Live VCTs, Ingenious Entertainment VCTs, Ingenious Ventures LP and IMAC) and/or the Manager in accordance with the conflicts and independence policies of the Ingenious Group from time to time. For example, the Manager may prioritise a particular venture capital trust client in order to ensure that it meets applicable qualification requirements under venture capital trust legislation.

The Ingenious Entertainment VCTs will always co-invest on equal terms pro rata to the capital in each VCT. The individual amounts that are invested by each VCT will be split equally between the monies that were raised in the original Ordinary Share Offer, 'C' Share Offer, 'D' Share Offer, 'E' Share Offer and 'F' Share Offer and those raised in the Offer for 'G' Shares.

Where the VCTs intend to invest in a company in which one or more of the other venture capital trusts that are managed by Ingenious Ventures have already invested or intend to invest, the investment will be approved by the Directors who are independent of the Manager unless the investment is made either at the same time, on the same terms or in accordance with a pre-existing agreement between the relevant VCTs and the Manager.

Ingenious Media and its subsidiaries are, and will continue to be, active investors in, and advisers to, entities and individuals in the media and entertainment sector. There may be circumstances in the future, therefore, where Ingenious Media, its subsidiaries and/or managed funds (including one or more of those referred to above) might enter (or propose to enter) into contracts, transactions, arrangements or investments with the VCTs or may otherwise be directly or indirectly interested in contracts, transactions, arrangements with, or investments by, the VCTs. Such circumstances (if they occur) will be managed in accordance with any requirements under applicable laws and regulations and in accordance with the conflicts and independence policies of the Ingenious Group from time to time.

PART 6: DETAILS OF THE OFFER

1. 'G' Share Offer and Over-Allotment Facility

The Offer, which is being made to the public by each VCT, is for up to 15,000,000 'G' Shares, in aggregate, comprising up to 7,500,000 'G' Shares in each VCT at the Offer Price (save where an Applicant pays an effective discounted Offer Price for 'G' Shares as a result of making an early Application as set out in paragraph 3 below). The Offer Price is payable in full on application and represents a premium of 99p over the nominal value of the shares. The maximum gross proceeds of the Offer, assuming that no Additional Shares are issued and the Offer is fully subscribed, but the over-allotment facility referred to below is not utilised, will be £15,000,000, in aggregate, before fees and expenses.

The Directors, at their discretion, if either of the Offer prove to be materially over-subscribed and they consider that demand from Investors is strong enough, may extend the amount of either Offer by means of an over-allotment facility to include up to a further 5,000,000 'G' Shares in each VCT (totalling 10,000,000 'G' Shares in aggregate) under an authority already available to them. The over-allotment facility may be utilised whilst the Offer remains open.

The Net Proceeds from the 'G' Share Offer will form a separate pool of capital that will be invested alongside new investments made out of the funds raised from the VCTs' original Ordinary Share Offer, the 'C' Share Offer the 'D' Share Offer, the 'E' Share Offer and the 'F' Share Offer and in accordance with the VCTs published investment policy.

The Offer will open at 8.00am on 22 November 2011 and will close at 5.00pm on 5 April 2012 or, if earlier, the date on which the Offer is fully subscribed, or fully subscribed after use of the over-allotment facility if the Directors so elect. The Offer may be extended beyond 5 April 2012 to 3.00pm on 31 July 2012 or to such earlier or later date as the Directors may subsequently resolve, at their sole discretion, to close the Offer provided that the Offer has not been fully subscribed, or have not been fully subscribed after use of the over-allotment facility if the Directors so elect (but in any event no later than 31 August 2012). The Offer is not underwritten.

The Offer will not be revoked in respect of 'G' Shares that have been admitted to the Official List and to trading on the London Stock Exchange. The results of the Offer will be announced through a regulatory information service.

The 'G' Shares, on Admission, will rank *pari passu* in all respects and, following their issue, will rank in full for all dividends and other distributions thereafter declared, made or paid on the 'G' Share capital of the VCTs.

2. Minimum Net Proceeds and Co-Capitalisation

The 'G' Share Offer will not proceed unless the Minimum Net Proceeds have been raised by 30 March 2012. If the Minimum Net Proceeds have not been raised by the above dates, Application monies which have been received will be returned without interest by cheque sent through the post at the Applicant's risk to the address stated in the Applicant's Application Form. The level of the Minimum Net Proceeds can only be varied through the issue of a supplementary prospectus.

An Applicant's Application for 'G' Shares (along with any entitlement to Additional Shares) will be divided equally between the VCTs.

3. Applications for Shares

Successful Applicants whose applications for 'G' Shares are received and accepted before 31 January 2012 (or such later date as the Directors may resolve) will receive 15 additional 'G' Shares for every 1,000 'G' Shares subscribed for under the Offer (pro rated for any part thereof) on a "first come, first served" basis (**Additional Shares**), subject to no more than 15,000 Additional Shares, in aggregate, being issued by the VCTs. An applicant's Additional Shares will be divided equally between each VCT. Additional Shares will be financed by Ingenious Investments accepting equivalent reductions in the arrangement fees to be paid by the VCTs described in paragraph 2 of Part 5 of this document.

INGENIOUS ENTERTAINMENT VCT 1&2

Entitlements to Additional Shares will be rounded-down to the nearest even number.

Early Applications will be favoured and, accordingly, in the event that the Offer is over-subscribed, Shares (including any Additional Shares) will be allotted on a “first come, first served” basis (subject only to the overriding discretion of the Directors in the allocation of Shares to Applicants). So far as the VCTs are aware, save in respect of possible subscriptions for Shares representing not more than 5% of the net asset value or market capitalisation of each VCT, major Shareholders and the Directors do not intend to subscribe in the Offer and no person intends to subscribe for more than five per cent. of the Offer.

If either of the Offer is over-subscribed or over-subscribed after use of the over-allotment facility (if the Directors so elect), an Applicant’s Application may be accepted for fewer Shares than the number actually applied for. The number of Shares applied for by an Applicant must be a multiple of two, failing which the VCTs reserve the right to round-down the number of Shares applied for to the nearest even number. In either of these cases, the balance of the amount paid on application will be returned, without interest, by cheque sent through the post at the Applicant’s risk to the address stated in the Applicant’s Application Form. To the fullest extent permitted by law, Applications are irrevocable

4. Minimum and Maximum Investment

The minimum Application per Applicant is £3,000. An Applicant may subscribe for as many ‘G’ Shares as he or she may wish subject to the maximum aggregate number of Shares being offered pursuant to the Offer. There is no maximum investment but Applicants are advised that the maximum investment on which income tax relief can be claimed per Qualifying Investor is £200,000 in any one tax year. A person may make multiple Applications, each of which will be treated as a separate Application by the VCTs.

5. Settlement, Dealings and Share Certificates

An application will be made for the ‘G’ Shares issued under the Offer to be admitted to the Official List and to be traded on the London Stock Exchange within 10 Business Days of allotment. Shares subscribed for in respect of the 2011/2012 tax year will be allotted between 1 December 2011 (at the earliest) and 5 April 2012 (at the latest). In the event that the Offer is extended, Shares subscribed for in respect of the 2012/2013 tax year will be allotted between 6 April 2012 (at the earliest) and, if the Offer is extended, 31 July 2012 (or such earlier or later date as the Directors may resolve, at their sole discretion, to close the Offer, but in any event no later than 31 August 2012). Subject to the foregoing, the Directors may allot Shares at such times throughout the period of the Offer and in such amounts as they deem, at their absolute discretion, to be appropriate. The ‘G’ Shares will be issued in registered form, will be freely transferable and will rank *pari passu* amongst their own class of shares for all dividends and other distributions which may be declared, paid or made by the VCTs in respect of the ‘G’ Shares. All of the Shares, which will be issued pursuant to the provisions of the Act and the Articles, will have equal voting rights.

It is intended that definitive share certificates and tax certificates will be posted to ‘G’ Shareholders within 14 Business Days of the date of Admission of the relevant ‘G’ Shares. Prior to despatch of definitive share certificates, any transfers of Shares will be certified against the register of members of the VCTs. No temporary documents of title will be issued.

Successful Applicants will be notified of the total number of ‘G’ Shares issued to them by receipt of their respective share certificate(s). Dealings in the Shares may commence prior to such notification but only if the Shares in question have been admitted to the Official List and to trading on the London Stock Exchange.

6. Crest

The VCTs will apply for the ‘G’ Shares to be admitted to Crest and it is expected that the Shares will be so admitted, and eligible for settlement in Crest, from their respective dates of Admission. Accordingly, those successful Applicants who wish to take advantage of the ability to trade the ‘G’ Shares in uncertificated form, and who have access to a Crest account, may arrange with their Crest sponsor or directly with Crest to convert their holdings into “dematerialised” form once their Shares have been issued and allotted to them in certificated form.

PART 7: TAX BENEFITS FOR THE INVESTOR

The following is only intended as a general summary of the current UK tax legislation concerning: (i) the conditions to be met by the VCTs in order for them to be treated as venture capital trusts; and (ii) the UK tax position for investments into venture capital trusts by Qualifying Investors and is based on the VCTs' understanding of current law and practice, both of which are subject to change at any time. Potential Applicants are strongly recommended to consult a professional adviser regarding this Part 7 and, in particular, their personal tax position and the consequences of an investment in a venture capital trust.

1. Approval

In order to obtain venture capital trust status, a company must be approved by HM Revenue & Customs as a venture capital trust. HM Revenue & Customs has granted the VCTs provisional approval as venture capital trusts under section 274 ITA and has confirmed that, following the Offer, the VCTs will retain such provisional approval. Full unconditional approval should follow pending satisfaction of the conditions set out below. Tax reliefs are granted during the provisional approval period provided that full unconditional approval is ultimately obtained.

To obtain full unconditional approval, the conditions summarised below must be satisfied in relation to the accounting period of a venture capital trust which is current when the application for approval is made or its next accounting period and must continue to be satisfied throughout the life of the venture capital trust:

- the venture capital trust's income must be derived wholly or mainly from shares and securities;
- no holding in a company (other than a venture capital trust or a company which would, if its shares were listed, qualify as a venture capital trust) by the venture capital trust may represent more than 15% by value of the venture capital trust's total investments;
- the venture capital trust must not retain more than 15% of the income derived from shares or securities in any accounting period; and
- the venture capital trust must not be a close company. The company's ordinary share capital must be quoted on a European regulated market throughout the accounting period following that in which the application for approval is made.

The following conditions also have to be satisfied by no later than the beginning of the venture capital trust's accounting period which commences no more than three years after provisional approval takes effect and must continue to be satisfied throughout the life of the venture capital trust:

- at least 70% by value of its investments is represented by shares and securities comprising Qualifying Investments; and
- as regards funds raised prior to 6 April 2011 at least 30% by value of the venture capital trust's Qualifying Investments must be represented by holdings of eligible shares. For such funds, eligible shares are ordinary shares which carry no present or future preferential rights to dividends or to an Investee Company's assets on its winding-up, and no present or future right to be redeemed; whereas
- as regards funds raised after 5 April 2011 at least 70% by value of the venture capital trust's Qualifying Investments must be represented by holdings of eligible shares. For such funds, eligible shares are ordinary shares which carry no present or future preferential rights to an Investee Company's assets on its winding-up, and no present or future right to be redeemed), but may have certain preferential rights to dividends.

In addition, at least 10% of its total investment in any Qualifying Company must be held ineligible shares.

Qualifying Investments comprise shares or securities (including loans with a five year or greater maturity period but excluding guaranteed loans and securities) issued by unquoted trading companies that exist wholly or mainly for the purpose of carrying on one or more qualifying trades. The definition of a qualifying trade excludes dealing in property, shares, securities, commodities or futures. It also excludes banking, insurance, receiving royalties or licence fees (except where the Qualifying Company creates the intellectual property on which the royalties or licence fees are received), leasing, the provision of legal and accounting services, farming and market gardening and forestry.

Qualifying Investments are limited to investments of up to £1 million per Investee Company in any one tax year or in any six month period straddling two tax years. A Qualifying Investment can also be made in a company which is a parent company of a trading group where the activities of the group, taken as a whole, consist of carrying on one or more qualifying trades. The Investee company must at all times have

INGENIOUS ENTERTAINMENT VCT 1&2

a permanent establishment in the United Kingdom. An Investee Company may not receive subscriptions of more than £2 million from Venture Capital Trusts funds raised after 5 April 2007 or from Enterprise Investment Schemes in any 12 month period. It must also have fewer than 50 full time (or equivalent) employees at the time of investment. An Investee Company's gross assets must not exceed £7 million immediately prior to the venture capital trust's investment and £8 million immediately thereafter. It is proposed, subject to EU State Aid approval, to increase the limits from 50 to 250 employees, gross assets from £7 million to £15 million immediately prior to investment, and the amount companies are permitted to receive from £2 million to £10 million. Neither a venture capital trust nor any other company may control an Investee Company.

Companies whose shares are traded on AIM are treated as unquoted companies for the purposes of eligibility as a Qualifying Investment. Unquoted company shares that subsequently become listed may still be regarded as a Qualifying Investment for a further five years following listing, provided all other conditions are met.

2. Venture Capital Trust Taxation

A venture capital trust is exempt from corporation tax on chargeable gains. There is no restriction on the distribution of realised capital gains by a venture capital trust although this is subject to the requirements of company law and the Articles. The VCTs will be subject to corporation tax on their income (excluding dividends received from UK companies) after deduction of attributable expenses.

3. Individual Tax Reliefs

Individuals must be aged 18 years or over and subscribe for 'G' Shares in their own name in order to be a Qualifying Investor and obtain the tax reliefs outlined below.

Income Tax

An investor subscribing up to £200,000 in any tax year for new shares in a venture capital trust will be entitled to claim income tax relief on the investment in the tax year in which the investment is made currently at the rate of 30%. However, this relief will be withdrawn if either the shares are disposed of within five years or an investor takes out a loan which would not have been made, or would not have been made on the same terms, save for the acquisition of such shares. Relief

is restricted to the amount that reduces the investor's income tax liability to nil.

An investor who subscribes for, or acquires ordinary shares in a venture capital trust will not be liable for UK income tax on dividends paid by the venture capital trust in respect of investments up to a maximum of £200,000 in any one tax year.

Obtaining Your Income Tax Relief

Each VCT will issue each 'G' Shareholder with a tax certificate which should be used to claim the above income tax relief. Individuals can claim their relief either by obtaining an adjustment to their PAYE tax code or through self assessment. 'G' Shareholders should contact their Tax Office in order to inform them of their investment in the VCTs.

Dividends received on shares acquired in venture capital trusts (on investments of up to £200,000 per tax year) are not required to be shown on a Shareholder's self assessment tax return.

Capital Gains Tax

A disposal by an investor of shares in a venture capital trust (whether acquired by subscription for new shares or by subsequent acquisition) will not give rise to a chargeable gain or an allowable loss for the purposes of UK capital gains tax. This relief is limited to disposals of ordinary shares acquired within the limit of £200,000 in any tax year.

4. Loss of Reliefs

If a company fails to obtain full approval as a venture capital trust, it will be treated as if it was never entitled to exemption from corporation tax on chargeable gains and therefore all chargeable gains it has realised will be subject to corporation tax. Additionally, the withdrawal of venture capital trust status may (depending upon the timing of such withdrawal) result in:

- income tax becoming payable on dividends paid by the company in the accounting period in which venture capital trust status is withdrawn, or on any previous payments of dividends if venture capital trust status is treated as never having been obtained;
- repayment of the 30% income tax relief on subscriptions for new venture capital trust shares and interest on overdue tax becoming payable; and

- any gain arising on a disposal of the shares becoming liable to capital gains tax (and losses on the shares would be allowable losses for capital gains tax purposes).

5. Transfers Between Spouses

A transfer of shares in a venture capital trust between spouses is not deemed to be a disposal and therefore all tax reliefs will be retained.

6. General

The 30% income tax relief on investment is not available to a subsequent purchaser of 'G' Shares as this relief is only available to subscribers under the Offer.

Investments in the 'G' Shares will not qualify for reliefs under the Inheritance Tax Act 1984 (as amended).

7. Stamp Duty and Stamp Duty Reserve Tax

The VCTs have been advised that no stamp duty or stamp duty reserve tax will be payable on the issue of the Shares issued under the Offer.

- (b) On 10 October 2007, Ingenious Investments was issued 50,000 redeemable preference shares of £1 each in each VCT paid up in cash as to one quarter so as to enable the VCTs to obtain certificates under section 117 of the Companies Act 1985. On 30 April 2008, the redeemable preference shares were redeemed by each of the VCTs out of the proceeds of the Ordinary Share Offer and the unissued share capital thereby created was automatically sub-divided into, and re-designated as, Ordinary Shares.

(iii) to empower the Directors (pursuant to section 570 of the Act) to allot (or make offers or agreements to allot) equity securities (as defined in section 560 of the Act) for cash as if section 561(1) of the Act did not apply to the allotment. This power is limited to the allotment of 'G' Shares in connection with:

- (1) the Offer (including the over-allotment facility);
- (2) an offer for securities by way of rights to the holders of 'G' Shares and other persons entitled to participate therein for cash in proportion (as nearly as may be) to the holders of such 'G' Shares; and
- (3) otherwise than pursuant to (1) and (2) above, up to 10% of the issued 'G' Share capital of each VCT from time to time,

(e) At close of the Offer, with full subscription (assuming full utilisation of the over the allotment facility and that no Additional Shares are issued), existing Shareholders will hold 65.96% of the total share capital of each VCT.

3. Share Rights

The following is a summary of rights attached both to the 'G' Shares, which are contained in the Articles, as proposed to be amended at the General Meetings:

(a) Voting Rights

Every Shareholder present in person, by proxy or by a duly authorised representative (in the case if a corporation) has one vote on a show of hands and one vote on a poll for every 'G' Share of which he is the holder on a poll. The VCTs themselves are prohibited (to the extent specified by the Act) from exercising any rights to attend or vote at meetings in respect of any 'G' Shares held by them as treasury shares.

(b) Dividends

The holders of 'G' Shares are entitled to receive in that capacity such dividends as the Directors may resolve to pay out of net assets attributable to the 'G' Shares and from income received and accrued which is attributable to the 'G' Shares;

Subject to the Act and the provisions of all other relevant legislation, the VCTs may by ordinary resolution declare dividends in accordance with the respective rights of members but no such dividend shall exceed the amount recommended by the directors. If, in the opinion of the directors, the profits of the VCTs available for distribution justify

INGENIOUS ENTERTAINMENT VCT 1&2

- such payments, the directors may pay fixed dividends payable on any shares of the VCTs with preferential rights, half-yearly or otherwise, on fixed dates and from time to time pay interim dividends to the holders of any class of shares. Subject to any special rights attaching to or terms of issue of any shares, all dividends shall be declared and paid according to the amounts paid up on the shares on which the dividend is paid. No dividend shall be payable to the VCTs themselves in respect of any shares held by them as treasury shares.
- (c) **Distribution of Assets on Winding Up**
- On a winding-up or on a return of capital, the net assets of each VCT attributable to any share class (including any income and/or revenue arising from or relating to such assets) less such proportion of the VCT's liabilities (including fees and expenses of liquidation or return of capital) as may reasonably be allocated will be divided amongst the holders of that share class pro rata according to their paid-up holdings of such shares.
- (d) **Variation of Rights**
- The rights or privileges attached to any class of shares of either of the VCTs may (unless otherwise provided by the terms of the issue of the shares of that class) be varied or abrogated with the consent in writing of the holders of three-quarters in nominal amount of the issued shares of that class (excluding any shares of that class held as treasury shares) or with the sanction of a special resolution passed at a separate general meeting of the holders of the shares of that class, but not otherwise.
- (e) **Transfer of Shares**
- All shares in the VCTs may be transferred by a transfer in any usual or common form or any form acceptable to the directors and permitted by the Act and the UK Listing Authority. The directors may decline to register a transfer of a share which is:
- (i) not fully paid or on which the VCTs have a lien provided that such discretion may not be exercised in such a way as to prevent dealings in shares of that class from taking place on an open and proper basis; or
 - (ii) not lodged duly stamped at the registered office of the VCTs or at such other place as the directors may appoint; or
 - (iii) (except where a certificate has not been issued) not accompanied by the certificate of the share to which it relates or such other evidence reasonably required by the directors to show the right of the transferor to make the transfer; or
 - (iv) in respect of more than one class of share; or
 - (v) in the case of a transfer to joint holders of a share, the number of joint holders to whom the share is to be transferred exceeds four.
- (f) **Restriction on the Distribution of the VCTs' Capital Profits**
- At any time when the VCTs have given notice in the prescribed form (which has not been revoked) to the registrar of companies of their intention to carry on business as an investment company, distribution of the VCTs' capital profits shall be prohibited, except for the purpose of redeeming or purchasing their own shares in accordance with section 687 and Chapter 4 of Part 18 of the Act.
- (g) **Pre-emption Rights**
- There are no rights of pre-emption under the Articles in respect of transfers of issued 'G' Shares.
- A summary of further provisions in the Articles is set out in paragraph 3 of Part 10 of the Share Registration Document.
- ### 4. Venture Capital Trust Compliance
- (a) A venture capital trust must satisfy the FSA that its directors and any investment managers have sufficient and appropriate experience in the management of assets on a scale and type in which the venture capital trust proposes to invest. A venture capital trust's board of directors must be able to demonstrate that it will act independently of any investment manager of the venture capital trust. A majority

INGENIOUS ENTERTAINMENT VCT 1&2

of the board must not be directors, employees, partners, officers, or professional advisers of or to, the investment manager or any other company in the same group as the investment manager or any other investment entity which they manage. In order to obtain venture capital trust status, a company must be approved by HM Revenue & Customs. The conditions which must be satisfied to obtain such status are set out in paragraph 1 of Part 7. Should the VCTs' (or a VCT's) venture capital trust status be lost under section 274 ITA, then the FSA will be notified as soon as possible.

- (b) The VCTs have retained PricewaterhouseCoopers LLP to advise on taxation matters on an ongoing basis (including in relation to each VCT's venture capital trust status).
- (c) The VCTs are not required to be regulated by the FSA and, therefore, are not regulated entities. However, each VCT has obtained provisional approval from HM Revenue & Customs with the aim of ensuring that they comply with the venture capital trust legislation.

(c) Information Sourced from Third Parties

Each VCT confirms that where information has been sourced from a third party this information has been accurately reproduced and that, as far as it is aware and is able to ascertain from information published by that third party, no facts have been omitted which would render the reproduced information inaccurate or misleading.

(d) Investor Profile

The profile of a typical investor for whom the VCTs are designed is a UK income tax-payer who is aged 18 years or over with an investment range of between £3,000 and £200,000 per tax year and who is seeking to

participate in the opportunities to produce and exploit commercial media products and media content on the basis set out in the Prospectus. Such an investor will typically be attracted to a fund specialising in the media and entertainment sector as opposed to a more general investment fund and may include retail, institutional and sophisticated investors and high net worth individuals.

(e) Manager's Consent and Responsibility

The Prospectus contains statements of belief made by Ingenious Ventures as an expert, in Part 4, (The Market For Live Events and Entertainment Content), which are referenced to this paragraph 5(e). Such statements are included, in the form and context in which they appear, with the consent of Ingenious Ventures, who has authorised and takes responsibility for such statements of belief under rule 5.5.3(2)(f) of the Prospectus Rules. To the best of the knowledge and belief of Ingenious Ventures (which has taken all reasonable care to ensure that such is the case), such statements of belief are in accordance with the facts and do not omit anything likely to affect their import.

The Manager is party to the Management Agreements and the Deeds of Variation and the Manager and Ingenious Investments are party to the offer agreements to which the VCTs are also party, further details of which are stated in Part 9 of the Share Registration Document. Ingenious Media Consulting Limited may earn fees as disclosed in paragraph 5(f) of Part 10 of the Share Registration Document.

Except as stated in this paragraph (f), as at the date of this document, the Directors are not aware of any potential conflicts of interests between their duties to the VCT of which they are a Director and their private interests or other duties. There are no family relationships between the Directors as at the date of this document.

(g) Overseas Shareholders

No person receiving a copy of this Prospectus and/or the Application Form in any territory other than the UK may treat the same as constituting invitations or offers to him or her to subscribe for or purchase Shares unless, in the relevant territory, such invitations or offers could lawfully be made to him or her and/or the Application Form could lawfully be used without contravention of any registration or other legal requirements.

It is the responsibility of any person outside the UK wishing to make an Application to satisfy himself or herself as to the full observance of the laws and/or regulations of any relevant territory in connection therewith, including obtaining any requisite governmental or other consents, observing any of the formalities requiring to be observed in such territory and paying any issue, transfer or other taxes required to be paid in such territory.

PART 9: TERMS AND CONDITIONS

1. Save where otherwise stated, the terms used in the Application Form bear the same meaning as in Part 10.
2. For the purposes of this Part 9 an Application shall be deemed to be an application to subscribe for 'G' Shares in each VCT and an applicant will receive one half of the number of shares applied for in the respective class of shares in Entertainment 1 and Entertainment 2 in which case a reference to the "VCT" in this Part 9 shall mean Entertainment 1 and Entertainment 2.
3. The VCT reserves the right to treat as valid any Application not complying fully with the Terms and Conditions or Part 11 or which is not fully completed. In particular, but without limitation, the VCT may accept Applications made otherwise than by completion of an Application Form where the Applicant has agreed in some other manner acceptable to the VCT to apply in accordance with these Terms and Conditions.
4. The VCT reserves the right to reject any Application (in whole or in part) or to accept any Application in part only. If any Application is not accepted, or if any contract created by acceptance does not become unconditional, or if any Application is accepted but for fewer 'G' Shares than the number originally applied for, then Application monies or the balance of the amount paid on application will be returned, without interest, by cheque sent through the post at the Applicant's risk to the address stated in the Applicant's Application Form.
5. The number of 'G' Shares applied for by an Applicant must be a multiple of two, failing which the VCTs reserve the right to round-down the number of Shares applied for to the nearest even number. In this case, the balance of the amount paid on application will be returned, without interest, to the Applicant in the manner set out in paragraph 4 above.
6. An Applicant may pay for his or her Application by cheque, banker's draft or telegraphic transfer submitted or made with the Application Form and payment will be deemed to have been made on receipt of cleared funds.
7. The Offer will not proceed unless the Minimum Net Proceeds are raised by 30 March 2012. If the Minimum Net Proceeds are not raised by this date, application monies which have been received will be returned, without interest, to the Applicant in the manner set out in paragraph 4 above. The Offer will also not proceed unless all the resolutions set out in the notice of General Meeting are passed.
8. By completing and delivering an Application Form you (as the Applicant):
 - (a) irrevocably offer to subscribe for the number of 'G' Shares specified on your Application Form or any smaller even number for which such Application is accepted at the Offer Price subject to the provisions of the Prospectus, these Terms and Conditions and the Articles;
 - (b) authorise your financial adviser (or whoever he or she may direct), SLC Registrars and/or the VCT to send a document of title for the number of 'G' Shares for which your Application is accepted, and/or a crossed cheque (or banker's draft) for any monies returnable, by post at your risk to your address as set out in your Application Form;
 - (c) agree that, in consideration of the VCT agreeing that it will not, prior to the Offer closing, offer any 'G' Shares for subscription to any persons other than as set out in this Prospectus, your Application cannot be revoked and that this paragraph constitutes a collateral contract which will become binding upon despatch by post or delivery by hand (as the case may be) of your Application Form duly completed to SLC Registrars, the VCT or to your financial adviser;
 - (d) represent and warrant that your remittance will be honoured on first presentation and agree that, if such remittance is not so honoured, or your telegraphic transfer fails to clear, you will not be entitled to receive a share certificate for the 'G' Shares applied for or to enjoy or receive any rights or distributions in respect of such 'G' Shares unless and until you make a payment in cleared funds for such 'G' Shares and such payment is accepted by the VCT (which acceptance shall

- be in its absolute discretion and which may be on the basis that you indemnify it against all costs, damages, losses, expenses and liabilities arising out of, or in connection with, the failure of your remittance to be honoured on first presentation) and that, at any time prior to such unconditional acceptance by the VCT, the VCT may (without prejudice to its other rights) treat the agreement to issue and allot 'G' Shares as void and may issue and allot such 'G' Shares to some other person, in which case you will not be entitled to any refund or payment in respect of such 'G' Shares (other than return of late payment);
- (e) agree that all cheques and bankers' drafts may be presented for payment on the due dates and any definitive document of title and any monies returnable to you may be retained pending clearance of your remittance or telegraphic transfer and the completion of any verification of identity required by the Money Laundering Regulations 2007 (as amended) and that such monies will not bear interest;
- (f) undertake to provide satisfactory evidence of identity in such reasonable time (in each case to be determined in the absolute discretion of the VCT, Ingenious Investments, SLC Registrars and/or Howard Kennedy Corporate Services LLP) in order to ensure compliance with the Money Laundering Regulations 2007 (as amended);
- (g) agree that, in respect of those 'G' Shares for which your Application has been received and processed and not rejected, acceptance of your Application shall be effected by the VCT instructing SLC Registrars to enter your name(s) on the register of members of the VCTs;
- (h) agree that all documents in connection with the Offer and any returned monies will be sent at your risk and may be sent to you at your address as set out in the Application Form;
- (i) agree that, having had the opportunity to read the Prospectus, you shall be deemed to have had notice of and fully understood all information, terms and conditions and representations contained therein;
- (j) confirm that (save for advice received from your financial adviser) in making such Application you are not relying on any information and/or representation other than that or those contained in the Prospectus (or any supplementary prospectus which may be issued) and that, accordingly, you agree that no person responsible solely, jointly or severally for the Prospectus (or any supplementary prospectus which may be issued) will have any liability for any such other information and/or representation (including, without limitation, for any advice received from your financial adviser);
- (k) agree that all Applications, acceptances of Applications and contracts resulting therefrom under, or connected with, the Offer shall be governed by, and construed in accordance with, English law and that you submit to the jurisdiction of the English courts and agree that nothing shall limit the right of the VCT to bring any action, suit or such proceedings arising out of, or in connection with, any such Applications, acceptances of applications and contracts in any other manner permitted by law or in any court of competent jurisdiction;
- (l) irrevocably authorise the VCT, Ingenious Investments, SLC Registrars and/or Howard Kennedy Corporate Services LLP (or any person authorised by one of them), as your agent, jointly and severally to do (or arrange to be done) all acts and things deemed necessary and/or desirable in the agent's absolute and unfettered discretion in order to effect the registration of any 'G' Shares subscribed for by you in your name and irrevocably authorise the same to approve, execute and deliver any document required in order to give full effect to the above and, without limitation, to enter your name(s) on the register of members of the VCT; agree to provide the VCT with any information which it may request in connection with

INGENIOUS ENTERTAINMENT VCT 1&2

- your Application or to comply with the requirements of section 274 ITA, the Venture Capital Trust Regulations 1995 and/or any other relevant legislation (as amended or replaced from time to time);
- (m) represent and warrant that, in connection with your Application, you have observed and complied with the laws and regulations of all requisite territories, obtained any requisite governmental or other consents, complied with all requisite formalities and paid any issue, transfer or other taxes due in connection with your Application in any territory and that you have not taken any action including the making of your Application which will or may result in the VCT, the Manager or Howard Kennedy Corporate Services LLP (or any of their respective directors, officers, employees or agents) acting in breach of the regulatory or legal requirements of any territory in connection with the Offer or your Application;
- (n) represent and warrant that you are over 18 years of age;
- (o) agree that the Manager, SLC Registrars, Howard Kennedy Corporate Services LLP and Ingenious Investments are acting exclusively for the VCT in connection with the Offer and for no one else and that they will not treat you as their customer by virtue of such Application being accepted nor owe you any duties concerning the price of Shares or concerning the suitability of Shares;
- (p) represent and warrant that, if you sign the Application Form on behalf of somebody else or a corporation, you have the authority to do so and such person will also be bound accordingly and will be deemed also to have given the consents, confirmations, representations, warranties and undertakings contained in these Terms and Conditions and in the Application Form and undertake to enclose a valid, legal and binding power of attorney or a copy thereof duly certified by a solicitor with the Application Form;
- (q) represent and warrant that you are not subscribing for the 'G' Shares using a loan which would not have been given to you, or not given to you on such favourable terms, if you had not been proposing to subscribe for the Shares;
- (r) represent and warrant that the 'G' Shares are allotted to you for bona fide investment purposes and not as part of a scheme or arrangement the main purpose of which, or one of the main purposes of which, is the avoidance of tax (note that obtaining tax reliefs given under the venture capital trust legislation does not, of itself, constitute tax avoidance);
- (s) represent and warrant that you are not a US Person or resident of Canada, Japan, Australia or any other jurisdiction where the Offer cannot lawfully be made and that you are not applying on behalf of, or with a view to, the offer, sale or delivery, directly or indirectly, to, or for the benefit of, any US person or resident of Canada, Japan, Australia or any other jurisdiction where the Offer cannot lawfully be made;
- (t) represent and warrant that the information contained in the Application Form is true, accurate and not misleading in any respect; and
- (u) will not reproduce or distribute this Prospectus and/or the Application Form in whole or in part and that you will not disclose any of their content or any information therein for any purpose other than your considering an investment in the Shares.
9. No person receiving a copy of the Prospectus or an Application Form in any territory other than the United Kingdom may treat the same as constituting an invitation or offer to him or her, nor should he or she in any event use such Application Form unless, in the relevant territory, such an invitation or offer could lawfully be made to him or her or such Application Form could lawfully be used without contravention of any registration or other legal requirements.

10. The 'G' Shares have not been and will not be registered under the United States Securities Act 1933, as amended, or under the securities laws of any state or other political subdivision of the United States, and may not be offered or sold in the United States. In addition, the VCT has not been and will not be registered under the United States Investment Company Act of 1940 (as amended). No Application will be accepted if it bears an address in, or appears to have been posted from within, the United States.
11. Your Application is addressed to the VCT. The rights and remedies of the VCT under the Terms and Conditions are in addition to any rights and remedies which would otherwise be available to the VCT and the exercise or partial exercise of one will not prevent the exercise of others.
12. The dates and times referred to in these Terms and Conditions may be altered by the VCT with the agreement of Howard Kennedy Corporate Services LLP without prior notice.
13. Authorised financial intermediaries who, acting on behalf of their clients, return valid Application Forms will be paid commission on the amount payable in respect of the Shares allocated for each such Application Form. Authorised financial intermediaries may agree to waive all or part of their commission in respect of an Application by completing the relevant part of box number 4 of the Application Form. If this is the case, then such Application will be treated as an Application to apply for the number of 'G' Shares stated in box number 1 of the Application Form together with a number of Waiver Shares (subject to there being sufficient Shares available under the Offer) equivalent to the amount of commission waived at £1 each per 'G' Share. Financial intermediaries should keep a record of Application Forms submitted bearing their stamp to substantiate any claim for their commission. Any entitlements to Waiver Shares may be rounded-down to the nearest even number.
14. It is a condition of the Offer that, in order to ensure compliance with the Money Laundering Regulations 2007 (as amended), Ingenious Investments and/or SLC Registrars are entitled to require, at their absolute discretion, verification of identity from any Applicant lodging an Application Form including, without limitation, any person who either: (i) tenders payment by way of a telegraphic transfer or by cheque or banker's draft drawn on an account in the name of a person or persons other than the Applicant; or (ii) otherwise appears to Ingenious Investments or SLC Registrars to be acting on behalf of some other person. Pending the provision of evidence satisfactory to Ingenious Investments and/or SLC Registrars as to the identity of the Applicant or any person on whose behalf the Applicant appears to be acting, Ingenious Investments and/or SLC Registrars may, in their absolute discretion, retain an Application Form lodged by an Applicant and the cheque or other remittance relating thereto and SLC Registrars may not enter the Applicant on the register of members or issue any share certificates in respect of such Application. The VCT reserves the right, in its absolute discretion, for it, Ingenious Investments and/or SLC Registrars to reject any Application in respect of which Ingenious Investments and/or SLC Registrars consider(s) that, having requested verification of identity, it (they) has (have) not received evidence of such identity satisfactory to it (them) by such time as was specified in the request for verification of identity or in any event within a reasonable period. Neither the VCT, Ingenious Investments and/or SLC Registrars will be liable to any person for any loss whatsoever and howsoever incurred as a result of the exercise of Ingenious Investments' and/or SLC Registrars' discretion to determine whether the verification of identity is required and, if so, whether such verification has been appropriately evidenced by the Applicant. In the event of an Application being rejected in any such circumstances, the VCT reserves the right in its absolute discretion to terminate any contract of issue and allotment relating to, or constituted by, such Application Form (in which event the money payable or paid in respect of the Application will be returned, without interest, at the sole risk of the Applicant) and to endeavour to procure other subscribers for the 'G' Shares in question (but in each case without prejudice to any rights the VCT may have to take proceedings to recover in respect of loss or damage suffered or incurred by it as a result of the failure to produce satisfactory evidence as aforesaid).

2. Guide to the Application Form

Prior to making an investment decision, potential Investors should carefully consider all of the information set out in the Prospectus and whether an investment in the VCTs is suitable for them in light of both this information and the financial resources available to them. Your attention is drawn, in particular, to the risk factors set out in on pages 2 to 4 of the Prospectus. An investment in Shares involves a high degree of risk and may not be suitable for all investors. Potential Investors should therefore seek advice from a stockbroker, accountant, fund manager or other independent financial adviser before making any decision to invest. Potential Investors are also recommended to consult a professional adviser regarding their personal tax position and the consequences of a venture capital trust investment.
